GENUINE SERVICE

## SERVICE TIPS FILTERS

There are a lot of non genuine and imitation elements in our market place.

Their outside appearance may look very similar to the genuine product but don't be fooled on closer inspection the quality is obviously poor. UD Trucks only supply the best quality filters

to our dealer network and therefore we strongly recommend that you only purchase your filters and all other parts from authorized UD dealers. Failure to do so can be devastating and costly.

For your nearest authorised UD dealer call **1300 289 283**
