

NEW VEHICLE WARRANTY

WARRANTY - EURO 4 MODELS - 1st JANUARY 2008

Nissan Diesel Motor Co Ltd warrants to the owner of each new Nissan Diesel UD vehicle that, for the periods stated in the chart below, it will repair or replace any part of that vehicle which proved defective in materials or workmanship, within the limitations of the warranty as defined in the warranty and service booklet provided with the vehicle. This warranty is effective for Euro 4 model vehicles delivered on or after the 1st of January 2008. This warranty period will commence from the delivery date of the vehicle.

PARTS WARRANTY

Nissan Diesel Motor Co Ltd warrants to the customer that genuine UD Nissan Diesel replacement parts (other than those referred to in the warranty & service booklet) are free from defects in material or workmanship for a period of twelve (12) months from the date of purchase. Parts and labour are covered if fitted by an authorised dealer. If not fitted by an authorised dealer, parts only are covered.

CAB CORROSION WARRANTY

This warranty is conditional on an annual inspection being carried out by an authorised dealer, and does not apply to perforation or corrosion caused by external influences or damage to paint finish. (See warranty and service booklet for details)

CAB EXTENDED PROTECTION WARRANTY CONDITIONS & LIMITATIONS

All UD Trucks carry an extended warranty on cab perforation or corrosion of 36 months unlimited kilometres from date of delivery.

LIMITATIONS

This warranty is limited to repairing or replacing any part or parts of the cab sheet metal, providing the vehicle is returned to an authorised UD Dealer for examination. Approval is then issued by Nissan Diesel or their Agent if such examination reveals that the material was defective.

EXCLUSIONS

This warranty shall not apply to corrosion if bare sheet metal becomes exposed due to an accident, collision, damage or similar causes which remove paint or protective coating, or damage caused by road abrasion such as sand, salt, stone chips, industrial fall-out or environmental damage (including but not limited to, chemical, tree sap, hail storms, road hazards and/or other atmospheric conditions).

CAB EXTENDED PROTECTION WARRANTY

OWNER'S RESPONSIBILITIES

The owner is responsible to take immediate action to protect any bare metal from corrosion and if considered to be due to warranty defect, to report immediately to an authorised UD dealer,

The owner is responsible to return the vehicle to an authorised UD Dealer for the following rust preventative measure. At 12 months intervals from vehicle delivery, the UD Dealer will carry out at the owners expense, a paint condition and corrosion inspection.

The Dealer will complete the check sheet at the end of the Warranty Service Booklet and send to Nissan Diesel's agent.

If rectification is deemed necessary following the 12 month inspection service, then, if determined by the UD dealer to be a manufacturing defect and providing the Cab Extended Protection Warranty conditions have been met, such rectification shall be at no further charge to the customer.

If determined by the UD Dealer to be caused by conditions specified under the exclusions on the previous page, then such rectification shall be carried out at the owner's expense.

If the vehicle's operating conditions are abnormal in that they produce an excessive or rapid corrosion forming environment, the owner has the responsibility to advise the UD Dealer of such conditions, and take steps to have included additional corrosion preventative treatments applied to the vehicle before the vehicle is adversely affected.

Failure to comply with the conditions contained herein will result in automatic cancellation of the Cab Extended Protection Warranty.

WARRANTY

LIMITATIONS: THE WARRANTY SHALL NOT APPLY TO THE FOLLOWING:

1. Alterations and repairs not approved by the Manufacturer or Distributor.
2. Any vehicle component, replacement spare part and/or automotive engine which has been subject to misuse, negligence, improper installation, or accident.
3. Failure to apply the Manufacturer's recommended periodic lubrication and maintenance service in accordance with the owner's manual.
4. Consequential, indirect or incidental expenses incurred as a result of defects in the Manufacturers material and workmanship.
5. Any routine maintenance items, and the following genuine parts which are subject to deterioration or changes in adjustment as a result of, in the manufacturer's judgement, natural wear: clutch and brake linings, injector nozzle needle and nozzle body, glow plugs, lubricants, filters, electrical brushes, drive belts, light bulbs, electrical fuses and other expendables.
6. Normal deterioration of paint, soft trim and appearance items due to wear and exposure.
7. Tyres, which are warranted by their manufacturer.
8. Normal noise and vibration.
9. Normal diagnosis and test service.
10. Damage, failures or corrosion resulting from:
 - Accident, theft, fire, vehicle overload or misuse (proper use is described in your Owner's Manual)
 - Use of improper or contaminated fuel, fluid, coolant or lubricants.
 - Failure to perform or properly perform proper maintenance services as described in your Owner's Manual.
 - Use of parts not equivalent in quality or design to parts supplied by Nissan Diesel Motor Co.
 - Environment conditions, acts of God and other events beyond the control of Nissan Diesel Motor Co. such as a wind storm, hail, stone damage etc.

WHAT YOU MUST DO:

1. To qualify for warranty service, your UD vehicle must be maintained as described in your Owner's Manual
2. To obtain warranty service, contact an Authorised UD Dealer.
